

Universal Concealed Shower
Mixer 2 Way
CM 73131170

Drawings

*All dimensions are in mm

Product Description

The CM 73131170 Universal Concealed Shower Mixer 2 Way supports concealed-wall installation and two-way shower control. Its compact valve body measures 87 × 137 mm, with a 20 mm depth indicated in the technical-drawing dimensions, keeping the mechanism hidden behind the finished-wall surface for a streamlined bathroom appearance.
